THE REPUBLIC NEEDS YOU ON. WE ARE BEGINNING TO FINALLY END BIG-TECH & MSM CONTROL, ONCE AND FOR ALL. Patriots. It is time. On Nov. 2, 2020, in Mississippi, just before the general election, President Trump gave us, the freedom freedom loving Patriots of America, our mission: "We will never stop fighting for the sacred values that bind us together as one America." It is time to honor that mission. It time to fight for the man who fights for us. It is time to bring the full force of 80 million patriots to bear against the legacy media and information suppression machine that wants you to accept the ludicrous idea that: The senile, corrupt Joe Biden won the 2020 general election with the most popular votes in the history of the United States. Global elites beholden international special interests should dominate over you, crush your freedom, and crush our Republic's national sovereignty. What can you do? You know the truth, and you will never surrender your freedom. We at, BASEDMedia, are mobilizing an effort to spread the *Truth * from county to county, from State to State, and from sea to shining sea. Visit us at <https://donaldwon.com/> Download and spread our videos today on all social media. Email and text the videos and the website to your family and friends. Encourage them to spread it to at least five more people. Sign up on website with a protonmail which takes only a few moments to make. - Donald J. Trump, Nov. 24, 2020. Trump has never stopped fighting for YOU. He is not about to start now. But WE must fight for HIM. Together, We will WIN.
